## TERMS AND CONDITIONS

**TERMS**—The terms are cash—all payments must be made to the Clerk of the Sale, and no release will be given until satisfactory settlement has been made.

**BIDS**—The highest bidder will be the buyer. In case of dispute, the animal will again be put up for advance bids between the contending parties, and if there be no advance bid, the buyer will be the party from whom the auctioneer accepted the last bid.

**RISK**—All animals are at purchaser's risk as soon as sold, but will be cared for free of charge until released by the Royal Winter Fair.

**ERRORS**—If typographical or other errors are noted in the catalog, announcement of corrections will be made from the Auction Stand, and such announcements will take precedence over the matter in the catalog.

**PEDIGREES**—All animals sold are, or will be registered in the Herd Book of the Breed Association of Canada. Transferred registry certificates will be forwarded to the purchaser of each animal.

**HEALTH**—All animals are from Fully Accredited T.B. Free herds, or will have passed a Negative T.B. test within thirty days of the sale. All animals will have passed a Negative bloodtest for Brucellosis within 30 days of sale, or otherwise conform to health requirements as approved by the Dominion Health of Animals Branch for the Royal Winter Fair.

**SHIPMENTS**—All possible aid will be given in making shipment after the sale. Any expenses incident thereto are at cost of the purchaser. Purchasers are requested to furnish all shipping instructions and correct address at time of making settlement.

**WARRANTIES**—(1) Each consignor guarantees right and title to property. (2) Unless otherwise noted in the catalogue or announced from the Auction Stand, each animal is sold as sound. (3) Each animal is sold as a breeder subject to the following conditions:

A. Males—Should any bull, after having reached the age of 15 months, fail to prove a breeder after being used for four months on cows known to be breeders, the matter shall be reported in writing to the consignor who will then have the privilege of four months on his own premises to prove the bull a breeder, before refunding the full purchase price or make other settlement satisfactory to the buyer.

B. Females—Any female, pregnant when sold, or that calved normally within 90 days of the Sale will be considered a breeder. Bred females are sold as "pregnant" to the best of the consignor's knowledge, and the result of pregnancy examinations will be announced from the stand. However, consignor does not guarantee that a pregnant female will deliver a live calf. Any female not pregnant when sold or that on having reached the age of 18 months should fail to conceive after having been bred regularly for four months to a bull known to be a breeder, and treated by a competent veterinarian, should be reported in writing to the consignor. The consignor will then be granted the privilege of a further period of four months to prove the female a breeder in his own premises before refunding the purchase price as full adjustment or make other settlement satisfactory to the purchaser.

(4) The consignor is not responsible for damage caused by foreign bodies after the animal is sold, inclusive of mummified calves, nor for sickness not apparent at sale time.

(5) All transportation charges on animals returned to the consignors are for account of the purchaser. No incidental expenses such as feed, care, veterinary charges, etc., will be charged by either party when making settlement.

**ACCIDENTS**—The Royal Winter Fair, Auctioneers, Sale Managers, or Owners, will in no way be responsible for the condition of the grounds or the behaviour of the animals and disclaim any liability in the event of personal accident or property loss.

**RESPONSIBILITY**—It is clearly understood that the Sale Management is acting only as intermediary between buyer and seller and is not responsible for any failure by either party to live up to their obligations. Any legal action that may in extreme cases have to be taken must be between buyer and seller and will in no way involve the Sale Management. In every case, however, the influence of the Sale Management will be exerted so far as possible to hold both parties strictly to these Terms and Conditions of Sale. The Sale Management in mutual agreement with the Breed Association will decide any point not covered by these regulations.

Every person who contributes any animal to the Sale and every one who bids at the Sale, by so doing agrees and endorses the foregoing terms and conditions.

**BY-BIDDING IS STRICTLY PROHIBITED**—Any contravention of this rule will bar the consignor from participating in future Sales.

## ... Foreword ...

*"Agriculture is the most healthful, the most useful and the most noble employment of man — the creation, development and perpetuation of beautiful and practical forms of animal life is the particular branch of agriculture calling for the exercise of the highest order of human intellect and skills."*

The above paragraph emphasizes in the clearest manner known, the leading reasons why purebred cattle breeders the world over strive always to achieve an ever higher goal by breeding the best better, in the hope of ultimately attaining perfection.

Near-perfect as a few of the best specimens of our present day breeds may be, there is much skill to be employed, and much real pleasure and profit to be derived from the employment of that skill, in the breeding and continual improvement of the best individuals in our leading breed.

To this high ideal, the Sale of Stars has given and will continue to give, a stimulating service to the livestock industry of America and elsewhere, for it is the medium through which animals of the choicest type, breeding and utility have been assembled under the master hands of those creative men and women, who have the foresight, the initiative, the skill and the means to further develop our present day "Stars" to an ever higher stage of breed perfection.

HAYS FARMS LIMITED,  
Sale Managers.

## ... Notice ...

The Royal Agricultural Winter Fair regulations require that the cattle shown be on the premises from November 12th to 22nd and Sale of Stars entries cannot therefore be released until Saturday, November 21st, midnight. Proper care will be taken of these animals by the consignors until release on that date.

Lot numbers in the catalogue are allotted in alphabetical order of consignors and a complete index appears on page 37.

Please note that you are respectfully requested to read the terms and conditions.

Insurance effective immediately, may be secured through the Sale of Stars office on enquiry.

He is out of an exceptional breeding cow. She is a full sister to the Champion female at the Royal Highland Show in Scotland. The only other bull out of her sold for \$4,000.00. All her daughters have been retained in the herd. This bull stood second in the Junior Yearling Class at the 1953 Canadian National Exhibition. His breeding should warrant him to be a real stock bull.

**BANCHORY JUPITER (IMP)**—Many will pick this bull as the top prospect to come to Canada this year. We have great confidence in Bapton Eldorado breeding and in the Banchory herd. Bapton Eldorado is one of the thickest and deepest stock bulls in Scotland. His Get show tremendous bone and substance. Hugh Black of Banchory used Banchory Jupiter heavily while awaiting shipment and it was his plan to fit him for the Royal Highland Show this year if he had remained in Scotland until show time. Balthayock Atlas is by the Perth Champion, Cluny Brave Command. He was a high selling bull in Argentina where he has proved to be a great breeder.

**CRUGGLETON BAYARD (IMP).** Seldom, if ever, have breeders in Canada and U.S.A. had an opportunity to buy an imported bull with the quality and breed character of this bull. It is a well known fact that Shorthorns as they are being bred in North America lack rear quarters, flanks, bone and substance. This bull has these qualities along with breed character and natural fleshing. He is not highly fitted and he doesn't have to be, he is naturally a great bull. We will not say anything about his breeding except that there are no "unknowns" in his pedigree. Any breeder who has been searching for a really good bull should look at Cruggleton Bayard carefully. We think he is the answer to the herd bull problem that so many breeders are confronted with at the present time.

"Bred on June 25th to Cluny Romeo. These Augusta-Ransom heifers have averaged \$1025.00. The Ransom daughters are slowly drawing to a close. They are unique in Shorthorn history for their uniformity and productivity. In the past four years the demand for them has been tremendous. And here is another one—not only a Ransom 023 daughter—but out of a great cow of Marshall breeding. Saltoun Augusta 5th is a grand-daughter of Augusta Lilla, who was also granddam of Calrossie Welcome, and a great grand-daughter of Augusta Melissa, one of the greatest breeding and show cows in history."

He was sire of both female championships at the Royal Winter Fair in 1951 and the first prize get-of-sire in 1952. His daughters in the Louada herd are making fine brood cows. This heifer will be bred to Calrossie Armada. After seeing the first calves by Armada it is impossible to estimate the value of this mating.

Sells with a red bull calf at foot, born August 2nd and sired by Erimus Emeritus, one of the two or three most highly regarded stock bulls in Scotland. He is a bull with tremendous rear flanks and quarters sired by the outstanding son of Kirkton Baronet, Kirkton Challenger. T. G. Hamilton

At the 1953 Calgary Exhibition sons of Pittodrie Fortune were junior, senior, Grand and Reserve Grand Champions and Mr. Hamilton also won the Senior, Junior and Grand Champion female awards. We quote a judge, regarding the progeny of Pittodrie Fortune: "Their general quality, strength and Shorthorn character were immediately noticed by the crowd". RANNOCH LOVELY SYLVIA 2nd is one of those good heifers.
